

System 106 housing flush mounting 2-gang

Specification	Order No.	Packing unit	£/piece without VAT	PS	EAN
 2-gang	5512 00	1	129.90	20	4010337102083

Independent of the construction progress, the housings can already be installed in the building shell.
Housings available in metal alloy laquered in anthracite: all robust materials which ensure durability.

Features

- Vertical and horizontal mounting enables optimal adaptation to the installation point.
- Suitable for use in the facade module.
- The housings can be mounted as soon as the façade has been completed.

Notes

- System 106 flush-mounted housing, 1-gang only for use with door station module and System 106 Keyless In components.
- For use with System 106 installation box, flush mounting on a front plate already present in the building (letterbox, door-side installation or similar).

Scope of supply

- Flat ribbon cable, 10-pole and terminating resistors are included with delivery (exception: System 106 housing for flush mounting, 1-gang).

Dimensions in mm

Housing 1-gang:	106,5	106,5	23,35
Housing 2-gang:	106,5	213,0	25,35
Housing 3-gang:	106,5	319,5	25,35
Housing 4-gang:	106,5	426,0	25,35
2 x 2-gang:	213,0	213,0	25,35

Housing 5-gang:	106,5	532,5	25,35
